EXPERIENCE

Orion Cepheid Inc. (Datablitz), MANILA – *Web Developer*

MAY 2025 – SEP 2026

- Manages product catalog lifecycle on Shopify, including standard listings, pre-orders, and tech/gaming merchandise for the DataBlitz e-commerce platform.
- Coordinates multi-channel e-commerce operations by uploading and sync-managing listings across Shopee, Lazada, and TikTok Shop for PixelPlay.
- Optimized frontend user experiences and critical site sections, including pre-order landing pages, career portal, and store location directories.
- Designs and edits promotional banners and primary product imagery utilizing Adobe Photoshop to ensure brand consistency.
- Built and deployed customized brand landing pages using the PageFly page builder to enhance marketing campaigns.
- Conducts daily website maintenance, including routine monitoring of active pre-orders, and promotional timelines.
- Administers pre-order financial workflows by generating and dispatching proforma invoices to customers who pre-ordered online.
- Develops and maintains structured calendar timetables to track and organize upcoming pre-order release schedules.
